## PROFILE

As a seasoned PHP developer with four years of hands-on experience in crafting robust web applications and dynamic websites, I thrive in fast-paced, collaborative environments. A quick learner and dedicated team player, I bring a solutions-driven mindset to development challenges. My passion for coding fuels my commitment to continuous improvement, as I actively expand my expertise by mastering cutting-edge technologies and modern frameworks.

## EXPERIENCES

### ● Web developer

Freelance | March 2022 – April 2023

"Throughout my professional journey, I have successfully delivered a diverse portfolio of projects, spanning from streamlined website development to sophisticated, high-performance web applications."

### ● Web developer

Cybernet LLC | April 2023 – Present

"Through hands-on involvement in diverse development projects, I sharpen my programming expertise, consistently applying and expanding my skills to deliver efficient, scalable solutions."
